

Why Service Express?

You can meet the demand to maximize data center uptime and keep costs low with an alternative to OEM maintenance.

Simplify service and improve productivity

You can extend the life of your data center equipment and connect to user-friendly support with our flexible solutions

Server, storage and network support

- Post-warranty
- End of life and end of service life
- Uplift service

Flexible multivendor coverage

Arista, Brocade, Cisco, Dell, Dell, EMC, Fujitsu, Hitachi, HPE, IBM, Juniper, Lenovo, NetApp, Oracle, Supermicro, Teradata [and more](#)

Maximize performance and ROI in your data center

More productivity

Automate, integrate and manage your support using **ExpressConnect®**.

Greater freedom

Adapt to new infrastructure, priorities and budgets with penalty-free coverage changes.

Cost containment

Save more in your CapEx and OpEx budgets to help fund initiatives and projects.
